

Sign up today

You can sign up and register for the Patient Portal by giving our practice your name and email address. In turn, we will mail you an activation code, known as an enrollment token, and simple instructions. The enrollment token will allow you to log into the system and create your private user name and password.

Sign me up now!

Fill out the form below, tear off, and hand it to an office staff member, or email us the information at patientportal@arapc.com.

Please register me for the Patient Portal.

Faster, reliable communication is only a click away

Tired of playing phone tag? An Internet-based Patient Portal, powered by NextMD, simplifies communication with your physician's office and eliminates time-consuming phone calls to the practice.

Our physicians are offering the Patient Portal to make your medical information more accessible to you and to help you live a healthier life.

Partner with our practice for better health

The Patient Portal is a secure, confidential, and easy-to-use Web site that provides easy communication with Arthritis and Rheumatism Associates, P.C. It uses the latest encryption technology to deliver secure communication between patients and our office. By signing up and enrolling with the Patient Portal, you will be able to:

- Correspond online with your physician's office
- Request appointments
- Request important health information from your medical record including medications and test results
- View your medication list and request prescription refills
- Maintain your Portal account information including user name, password, access privileges and email address
- Review on-line statements

We respect your privacy

Receive notices to your personal email account when there is important information awaiting you in your Patient Portal account. If you choose to use the Patient Portal, your name and email address will be treated with the same care and privacy given to your medical records.

Who can sign up?

Patients and their legal guardians can sign up for the Patient Portal in accordance with the Terms and Conditions of the Web site. Please tell our office that you would like to enroll.

Strengthen your physician relationship by exchanging personalized information via a secure Web site.
