3) I see my physician in Wheaton and their new location will be inconvenient for me. What are my options?

If you would like to change your upcoming appointment to a virtual visit during this temporary transition, please let our schedulers know. You may do this through the patient portal or by calling our main number at 301-942-7600. Although all Wheaton's physicians would like to continue their relationship with their patients, we understand that this is not always possible. If you need to switch to another rheumatologist in a more convenient location, and you have an appointment with your physician prior to the closure of the Wheaton office, please discuss this with them. They may have a recommendation for a new ARA rheumatologist. If you do not have an appointment with your rheumatologist prior to their move, please visit the provider section of the ARA website and select a new rheumatologist. When you call to make your appointment, please inform the scheduler that you are switching to a new rheumatologist because of the clinic's relocation. Please do not delay in making your rheumatology appointment.

INFUSION PATIENTS

1) I receive my infusion services at the Wheaton location. What are my options?

After our Wheaton infusion clinic closes on 8/29/25, patients may receive their infusion services at any convenient ARA location including Rockville, Wheaton, Chevy Chase, Washington DC, Frederick or Fairfax, VA. Please inform the infusion scheduler which location is most convenient for you.
